

Two Positive Tests in Platteau County: One a Resident and One a Non-resident

Salisbury, MD – On Friday, March 20, 2020, Platteau City-County Health Department received notice via the Department of Public Health and Human Services (DPHHS) that Platteau County has two positive tests for novel coronavirus (COVID-19). The first individual is a male in his 50's and is not a resident of the Platteau County. The second individual is a male in his 30's and is a resident of Platteau County. Both individuals engaged in business out of state over 48

The Health Department will not be providing any more information until the virtual press briefing.

More information will be provided at a virtual (join press) briefing with Platteau City-County Health Department and Salisbury Regional Healthcare on Saturday, March 21 at 10:00am.
