

Two Positive Tests in Flathead County: One a Resident and One a Non-resident

Kalispell, MT – On Friday, March 20, 2020, Flathead City-County Health Department received notice via the Department of Public Health and Human Services (DPHHS) that Flathead County has two positive tests for novel coronavirus (COVID-19.) The first individual is a male in his 50's and is not a resident of the Flathead County. The second individual is a male in his 30's and is a resident of Flathead County. Both individuals engaged in domestic out-of-state travel.

The Health Department will not be providing any more information until the virtual press briefing.

More information will be provided at a virtual joint press briefing with Flathead City-County Health Department and Kalispell Regional Healthcare on Saturday, March 21 at 10:00am.
