# SUMMER JOBS 2022

# SUMMER JOBS PROGRAM

## ABOUT THE SUMMER JOBS PROGRAM

### Debuting in the Flathead, Summer 2022

America's Jobs for America's Youth (AJAY) created the summer jobs program three years ago in Helena where they piloted the program and created a framework for businesses to offer youth structured internship/summer job opportunities. The program expanded in 2022 to include the Flathead Valley, Butte, Forsythe, and Yellowstone County.

### Flathead Valley Summer Jobs Partners

AJAY, Reach Higher Montana, Discover Kalispell Chamber, Flathead Valley Community College, and Flathead Valley high schools have joined together through WorkForce Flathead to bring this program to students and businesses in the Flathead Valley.

### Why Should my Business Sponsor and Participate?

- Opportunity to connect with a motivated student who is eager to contribute to your business while gaining valuable knowledge.
- Students who are accepted into the Summer Jobs Program are supported with mentoring and essential skills training outside of the workplace both before and during their summer jobs.
- Opportunity to introduce valuable career/skills knowledge to a future employee.
- A chance to invest in the long-term Flathead Valley talent pipeline, connecting students to experiences and opportunities right here in the Flathead Valley.

### Student Program Outline

- Goal of 28-32 students, ages 16-19, placed into summer jobs in the Flathead Valley through the WFSJP in summer 2022.
- Students will engage in 3 hours of online essential skills training and one hour of in-person training prior to starting their jobs in mid-June
- Throughout the summer, students will attend 5 of 7 mentoring sessions with their peer cohort group; sessions will be 1 hour meetings once/week from mid-June to early August. These mentoring sessions will provide students with the opportunity to share their job experiences and to receive reinforcement of workforce essential skills training.
- Students can earn WorkForce Flathead certificates for successful completion of each of the three components of their summer job experience.
