FLATHEAD

# EDUCATION & WORKFORCE

The Kalispell Chamber is helping to build the Flathead Valley workforce that you need for today, tomorrow, and for the future through our programs, and programs in conjunction with local partners. We aim to strategically develop and grow programs with our partners which:

- **INSPIRE** our youngest students to dream bigger and apply lessons learned in school in creative and fun ways – Lemonade Day
- **ENGAGE** our high school students to meet with diverse businesses and gain hands-on and immersive work experience – Summer Jobs Program, Pursuing the Trades, Career Fair, Business Tours
- **ATTRACT** diverse communities outside the labor force, including Encore (retiree) workers, stay-at-home parents, and others to re-engage with businesses through obtaining employment – Spring and Fall Job Fairs, Retiree worker brunch.
- **CONNECT** Students, Teachers, Job Seekers, and Employers with each other through the WorkforceFlathead.com website and site features such as the custom-created Flathead Valley career video series.

**Your business can be a part of these impactful programs by supporting the Kalispell Chamber through our Education & Workforce sponsorships. Raise your hand 🙋🙋 and add your business name to those who want to be known for supporting and investing in workforce development today!**
