

Discover Kalispell Chamber Programs

Leadership Flathead

Leadership Flathead (LF) recognizes that effective leadership is the key to ensuring future growth and prosperity of the Flathead Valley. By educating emerging and current leaders about relevant civic issues in our community and giving them an opportunity to learn from local leaders and decision-makers through panels and discussions, LF class members build relationships that will create a stronger community.

Developed by the Discover Kalispell Chamber in 1991, over 1000 participants from more than 200 businesses and organizations have participated in LF. Many of these leaders still live in our valley and strengthen our community by serving in a variety of leadership positions through government roles, on committees or non-profit boards, and with service projects.

This two-year leadership-development program consists of a variety of skills-building and community awareness programs that stretch the thinking of participants across dozens of different industries.
